

VELVETY CLEANSING MOUSSE

PRODUCT DESCRIPTION

A soft and velvetY mousse for gentle cleansing and natural exfoliation, rich in “adaptogenic” algae extracts, which are hi-tech and cosmetically advanced functional substances that purify and rebalance the skin.

ACTIVE INGREDIENT → ACTION

- **Chlorella Vulgaris**, adaptogenic algae for a moisturizing action
- **Alpha hydroxy acids of marine origin** for a gentle cleansing and a natural exfoliation.
- **Atomized sea water**. From an especially pure area of the sea off the coast of Brittany, an ultra precious concentrate of salts and trace elements of marine origin known for their high restructuring and remineralizing power.

TEXTURE

Mousse that is creamy yet extremely light on the skin

SUGGESTIONS FOR USE

- At the **BEAUTY SALON**: Apply the mousse to face, neck and décolleté and massage with gentle and circular movements using the special **marine sponge**, previously dampened. Remove all product residue with the disposable cleansing gloves.
- At **HOME**: Apply the mousse to face, neck and décolleté, massage and then rinse thoroughly with warm water.

THE ACCESSORIES

- Marine sponges for the face – soft tufts of real sea sponge for gentle yet effective cleansing (PR597 set of 10 pieces).
- Disposable cleansing gloves to gently remove all product residue (PR052).
